Vehicles destined for EEA. The models listed above are destined for the European Economic Area ('EEA') market. Volvo Cars does not guarantee the compatibility of these models with any rules or regulations applicable outside the EEA. If you export these models outside of the EEA or if you request us to do so for you, such export will take place at your own risk.

Export of vehicles. Export outside of the country of purchase in any event occurs at your risk and cost. The prices listed above are exclusive of freight charges, taxes, licenses and any other documentation related to the export of your vehicle outside of the country of purchase. In case of export, the dealer will request you to deposit the amount of VAT applicable in the country of purchase as a guarantee. The dealer will reimburse the relevant amount to you upon receipt of (i) proof that you are exempted from VAT in the country where the vehicle is registered, or (ii) proof that VAT has been paid in the country where the vehicle is registered.

(1) Prices. A delivery fee of 250 EUR (excl. VAT) will be added to the prices listed above for vehicles supplied in the Grand Duchy of Luxembourg. The above-listed prices are furthermore exclusive of dealer preparation fees. Therefore, additional charges may be applied at your delivery point. Finally, you will be responsible for the payment of VAT (as applicable in the country of first registration of your vehicle) and any other taxes, as well as any registration and similar fees, all to the extent applicable. For ease of reference, VAT as currently applicable in Belgium and the Grand Duchy of Luxembourg are listed above.

*Only stock cars

The Volvo V90 has been approved in accordance with the World Harmonised Light Vehicle Test Procedure (WLTP), a new and more realistic test procedure for measuring the fuel consumption and CO₂ emissions of the car. The WLTP replaces the New European Driving Cycle test procedure, "NEDC", and takes account of the options and certain accessories in the car which have an impact on the weight and aerodynamics of the vehicle. Owing to the more realistic test conditions, the fuel consumption and CO₂ emissions measured in accordance with the WLTP are in many cases higher than those measured using the NEDC.

Base	0,00	0	0	–	–	S	S

S = Standard | – = Not available

SAFETY

Stability and traction control: Electronic Stability Control (ESC) including Active Yaw Control, Understeer Control Logic, Advanced Stability Control, Roll Stability Control, Driver Steering Recommendation, Sport Mode, Dynamic Torque Vectoring, Trailer Stability Assist (combined with the tow bar) and Hill Descent Control (with All Wheel Drive only) | Traction Control (TC) including Corner Traction Control with Torque Vectoring | Spin Control including Engine Drag Control.

Lane Keeping Aid: helps the driver to stay in lane (active from 65 km/h), including Run-off Road Mitigation: helps prevent the vehicle from running off the road, with steering aid and braking intervention (active between 65 and 140 km/h)

Oncoming Lane Mitigation: helps the driver to avoid collisions with vehicles coming in the opposite direction by automatically adjusting the steering & Oncoming Mitigation by Braking: automatic braking system attenuating the impact of a head-on collision

City Safety system: helps the driver to avoid or attenuate collisions with other vehicles (including those coming in the opposite direction at crossroads), cyclists, pedestrians and large animals (active up to a speed difference of 50 km/h, day and night), including automatic steering assistance (Steer Assist system active between 50 and 100 km/h) and active braking intervention

Driver Alert Control (DAC): system that detects and warns of tiredness

Connected Safety technology including Slippery Road Alert and Hazard Light Alert

Automatic braking after a collision

Indirect Tyre Pressure Monitoring System (ITPMS)

Ultra-resistant structure of vehicle interior and roof in boron steel

Collapsible steering column

Automatic unlocking after a collision

Height-adjustable seat belts in front and with pre-tensioners and load limiters front and rear

Run-off Road Protection: protection if the vehicle leaves the road, with steering correction (Run-off Road Mitigation), including energy-absorbing front seat cushions

Frontal airbags including driver knee airbag, SIPS® side airbags and inflatable curtains

WHIPS® (Whiplash Injury Protection System): provides protection against injuries due to whiplash thanks to specific energy-absorbing backrests and seats and head restraints integrated into the front seats

Brake Pedal Release: automatic release of brake pedal, by means of a pyrotechnic device, in the event of an accident to attenuate injuries to feet, legs and back

Emergency brake lights

Power-operated child safety lock on rear doors

Isofix anchorages for the outer positions of the rear seat

Front passenger airbag cut-off switch

DRIVER ASSISTANCE

Driver Assistance: consists of Adaptive Cruise Control, Pilot Assist, Curve Speed Adaptation and Emergency Stop Assist. Pilot Assist enables empowered driving on motorways and roads with side ground marking up to a speed of 130 km/h. It supports you to comfortably follow the traffic flow and can provide pleasant steering support to keep the car centered in its lane. Curve Speed Adaptation utilises map data to adapt cruising speed in curves to a comfortable level. Emergency Stop Assist can bring the vehicle to a complete stop in lane in situations where the driver is not responding to hands-off warnings.

Driver Awareness: advanced safety alert and intervention system, including BLIS (Blind Spot Information System with steering assistance), Rear Collision Warning with automatic emergency braking, Prepared Front Safety Belts and Cross Traffic Alert (detection of vehicles coming from the side when reversing)

Advanced Driver Assist System (ADAS) sensor platform

Front Park Assist

Rear Park Assist with auto brake function

Rear Park Assist Camera

Road Sign Information (RSI) with Speed Limiter: display of road sign information with excess speed warning and automatic speed limiter

Ready to Drive notification: inform the driver via a sound and a visual notification if its car is still standing still even though the other car in front has moved a certain distance or exceeded a certain speed

Drive Modes: up to 4 modes (Comfort for mild hybrids or Hybrid/Pure/AWD/Power for plug-in hybrids) with different parameters for the use of the combustion and/or electrical engine, throttle response, automatic gearbox, start/stop function, optional all-wheel drive, assisted steering, brakes, climate control and optional adaptive cruise control

MULTIMEDIA & CONNECTIVITY

12,3" driver information display with two display modes: Calm and Navi

9" center display with touchscreen to control most of the functions

Infotainment system with Digital Services | 4 years subscription included to enjoy the different Google services:

- Google Maps: navigation and public charging stations locator directly on the centre display
- Google Assistant: speech and planning of route with "Hey, Google"
- Google Play Store: entertainment with access to a wide range of existing and coming in-car apps such as Spotify®

Apple CarPlay®: access to third developers apps such as Waze® and WhatsApp®

OTA (Over The Air) updates

Wireless charging for smartphone in the central tunnel (electromagnetic induction technology only) (not on T6/T8 AWD)

Integrated assistance service with E-Call function and SOS assistance service for emergencies | Volvo Cars services for roadside assistance via Volvo Assistance and comfort features via the Volvo Cars app for smartphone: (un)lock and locate the car, vehicle log book, consult the dashboard, receive warnings, intrusion alert (if option 140), programming/activation of parking heater (if option 273) | 4 years subscription included

High Performance audio system with RDS radio, Internet radio, 10 speakers (4 tweeters, 2 mid-range and 4 woofers) and 220 W amplifier

DAB+ (Digital Audio Broadcasting)

4 USB-C connections: 2 in the central console and 2 at the rear of the tunnel console

Bluetooth® hands-free telephone system and audio streaming

Controls integrated into steering wheel for driver display, adaptive cruise control, audio, telephone, navigation system and voice commands

PERSONAL SAFETY AND CONVENIENCE

Keyless Entry: passive (un)locking, hands-free opening/closing of tailgate (foot movement under the rear bumper), LED entry lighting integrated in the door handles

Keyless Start: starts the engine without a key

Electric parking brake with Auto Hold (automatic brake at a standstill) and Hill Start Assist (assistance to start on a hill or slope) functions

BASE DESIGN

For B4 petrol and B4 diesel

OR

BRIGHT DESIGN

For T6 AWD

CORE STANDARD EQUIPMENT

External and internal approach lighting, turned on when the vehicle is unlocked
Follow Me Home safety lighting
Remote-controlled central locking, automatic door locking > 7 km/h (to be activated from the menu) and automatic unlocking after a collision
Comfort closing: simultaneous locking/unlocking and closing/opening of all the doors and windows, as well as the optional sunroof
Immobiliser
Two remote controls, including one "Care Key" which allows you to set a lower maximal speed (<180 km/h)
Tyre repair kit
CLIMATE CONTROL
Two-zone electric automatic climate control system with air vents at the rear, humidity sensor, air recirculation function and pollen filter
Air purifier (incl. Advanced air cleaner, Advanced filter, AQS and PM 2.5 sensor (APMS)) which removes up to 95% of all harmful PM 2.5 particles and pollen from the air in the car. Control and statistics via the central display or the Volvo Cars app
Pre-ventilation and post-air conditioning inside the vehicle when the engine is off
Heated front seats
Heated rear seats (outer seating positions) (not with option 322)
Heated steering wheel
Front windscreen wiper blades with integrated washers
Rain sensor with adjustable sensitivity level
VERSATILITY
Ticket holder on driver's side of the windscreen
Storage nets in backrest of front seats
Flat load floor with rear seat backrest folded down
Power-operated tailgate
Luggage cover with automatic opening/closing
Nylon safety net between the back seats and the luggage compartment
12 V power outlet in the luggage compartment
Multifunction luggage attachment system (from load compartment floor) and storage space beneath luggage compartment floor, with cargo dividers
Four folding load retainer eyelets in luggage compartment
Black plastic load sill protection
INTERIOR
Manually operated Comfort front seats with fixed lumbar support, power-operated height adjustment and seat cushion incline adjustment
Moritz leather upholstery
Power-operated two-way lumbar support in front seats
Rear seat with folding two-split 60/40 backrest with load hatch for long objects and central armrest with telescopic cup holders
Power folding rear head restraints
Aluminium front door sill moulding with Volvo logo
Textile floor mats at front and rear
Interior lighting Plus, including illuminated vanity mirrors at front, dimmed lighting at front and floor lights at front
Interior rear-view mirror without trim, with automatic anti-glare function
12 V power outlet at front of the tunnel console
Active Noise Control with EOE (Engine Order Enhancement) (only on mild hybrid petrol engines)
EXTERIOR
LED headlights with integrated T-shaped daytime running lights, automatic level adjustment, Active High Beam and automatic headlights
LED rear lights with sequential indicator
Dynamic chassis
Power retractable, heated outer rear-view mirrors with colour coordinated cap, automatic dimming and integrated LED indicator
Roof spoiler

T6/T8 AWD PLUG-IN HYBRIDS ADDITIONAL STANDARD EQUIPMENT

RECHARGE

Preconditioning to cool/heat the cabin to comfort temperature
Predictive Efficiency: function that optimises the use of the electric engine and the battery capacity based on the destination entered
One Pedal Drive: possibility to use only one pedal to accelerate or brake - just by lifting the pedal the driver can, on a short distance, slow the car all the way to standstill not having to use the brake pedal
Acoustic Vehicle Alerting System (AVAS) at slow speed
Air-ventilated subwoofer
Active Noise Control with EOE (Engine Order Enhancement) and EOR (Engine Order Reduction)
Glossy black finish of the tunnel console
Aluminium front door sill moulding with Recharge logo
10A charging cable with Schuko socket (for domestic use), length 7 m
Recharge AWD emblem at rear

EXTENDED SERVICES

VOLVO CAR EXTENDED WARRANTY

Drive with **peace of mind**

When you buy a Volvo, you are choosing top quality, safety and reliability. Not only because you are buying a quality vehicle, but also because your Volvo dealer offers you the best service.

An extension of the factory guarantee protects you against high costs in the event of unexpected defects. Thanks to the very comprehensive coverage, you can drive your Volvo for an additional 3 years without any worries when your Volvo manufacturer's warranty expires after 2 years.

Volvo Car Extended Warranty protects you against unforeseen repair costs, even after the Volvo manufacturer's warranty has expired.

GUARANTEED LIQUIDITY IN CASE OF REPAIRS

And extensive repair costs reimbursement outside the manufacturer's warranty

VALID ANYWHERE IN EUROPE

The extended warranty can also be transferred to the next owner

USE OF GENUINE VOLVO PARTS

And repaired by Volvo-trained personnel: your Volvo remains in optimal condition

VOLVO CAR SERVICE PLAN

Plan in advance for a greater peace of mind

Rest assured with Volvo Cars' official maintenance programme. You pay a one-time premium when you sign the Volvo Car Service Plan contract and you no longer have to worry about the maintenance of your Volvo. Our technicians, trained by us, will maintain your car and keep it in perfect condition for years. All parts to be replaced, according to Volvo's official maintenance schedule, are included. So you'll never be faced with financial surprises.

VOLVO CAR SERVICE PLAN

- Volvo Genuine Service according to schedules maintenance intervals
 - health-check
 - software update
- renewal of your Volvo Assistance
- windshield washer fluid top-up 2x/year
- car wash, if available at the chosen Volvo authorised workshop

VOLVO CAR SERVICE PLAN PLUS

An extension of the Service Plan that also includes the following wear parts:

- brake pads
- brake discs
- wiper blades
- 12V battery

DELIVERY PACK

VOLVO CAR DELIVERY PACK

Enjoy a **personalized delivery**

The delivery of a new car is a special moment. And Volvo makes this moment even more special. With the Delivery Pack, we provide a personalized unveiling of your new Volvo followed by a detailed explanation during and after delivery. Of course, we make sure your car is fully roadworthy and equipped to enjoy the Volvo experience right away.

- 5 safety vests
- fire extinguisher
- warning triangle
- front numberplate

- 20 liters of petrol and/or car charged to at least 80%
- detailed explanation of all car features
- Volvo Cars app setup

- car delivered under cover
- 1 hour follow-up meeting for all your questions after delivery

Min./Max. width tailgate opening	88,0 / 116,2 cm

* Consumption and emission trials conducted in conditions monitored by a test body approved in accordance with the World Harmonised Light Vehicle Test Procedure ("WLTP") (EURO 6d) emissions standard), a more realistic procedure for measuring the fuel consumption and CO₂ emissions of the car. The WLTP replaces the New European Driving Cycle test procedure, "NEDC", and takes account of the options and certain accessories in the car which have an impact on the weight and aerodynamics of the vehicle. In addition to fuel efficiency, driving behaviour and other non-technical factors can also result in higher fuel consumption and CO₂ emissions from the car in practice. The CO₂ emissions are displayed within a range of values with the lowest possible value and the highest possible value depending on the options and accessories chosen, that is standard equipment (the lowest) compared with full-option equipment (the highest).

SPECIFIC WARRANTY
VOLVO RECHARGE:
 426V batterie warranty: the batteries undergo normal wear depending on age and use. If the battery capacity falls below 65% of the original state within 5 years or 100.000 km (whichever is reached first) and below 55% between 5-8 years or 100.000-160.000 km (whichever is reached first), the battery will be replaced under guarantee.

V O L V O

Some of the information in this brochure may be incorrect due to changes to the product specifications introduced after the brochure was published, in particular CO₂ emissions and fuel consumption figures. Volvo Car Belux reserves the right to make changes to the prices, colours, materials, specifications and models at any time without prior notice. The images shown are for information purposes only and may differ from the actual product. Certain equipment, options or accessories described or shown are available at an additional cost. All list prices in this brochure are recommended resale prices. VAT applicable is 21% for Belgium and 16% for the Grand Duchy of Luxembourg. Ask your Volvo distributor for the latest information before ordering.

The prices for accessories always include fitting (unless otherwise specified) and (where applicable) Recupel (for Belgium) or Ecotrel (for the Grand Duchy of Luxembourg). Recommended prices for wheel kits (composed of 4 complete wheels with rims and tyres) always include environmental contribution (Recytyre for Belgium), but without fitting and software update (if needed).

Further information, specifications and conditions relating to our Volvo Car Extended Services is available in Dutch and French and can be found at volvocars.be/extendedservices-nl, volvocars.be/extendedservices-fr or volvocars.lu/extendedservices.

The price of the car includes access to the following digital services for a period of 4 years after the start of the data subscription: Google Assistant, Google Maps, Google Play Store, the Volvo Cars app remote functions and data for the above services. After that period a paid prolongment or renewal will be suggested.

Environmental information [Royal Decree 19/03/2004]: all self-respecting Volvo drivers put safety first.
